Once tradition has been established, things just seem to roll in place for the Trojan softball team. The girls ended their fine summer season with a 35-5 record, an all-time winning record for Turkey Valley. And, if you don't know by now you've had your head stuck in sand—the Trojans made their second consecutive trip to the state tournament. And, even though they didn't bring home the number one trophy, they did the next best thing by coming in second.

Fans and team held their heads high as Mary Lensing was named captain and the most Valuable Player on the All-Tournament team. She was also named to 1st team All-State with Laura Nulty being named to 3rd team. Kim Kruse joined Mary on the All-Tournament team as outfielder.

Coach Barkema stated to our staff that the five seniors were a major factor in the success of this year's team. Mary Lensing, Barb Vrba, Sue Galligan, Beth Hackman and Laura Nulty are certainly number one with their coach and fans. Mary, Laura and Barb were all named All-Conference.

As this article is being written this author knows the outcome of the fall season. We expected a rebuilding season—WERE WE SURPRISED!

The 1983 baseball team was the defending Cedar-Wapsie conference champion. The early part of the season saw a rebuilding of the pitching staff and the breaking in of several young players. The veteran seniors were led by All-Conference 1st team selection, Kevin Kleve. Kleve sported a .400 plus batting average all year long and became one of the best pitchers in the area late in that season. Dave Busta made a late season switch from shortstop to catcher when senior Phil Meirick was injured. Gary Kuennen led the team in home runs playing right field. Al Schmitt and Kevin Cervenka were in center and left. Two freshman, Jr. Hackman and Mike Kuennen, started most of the year at first and third. Junior Brian Baumler, was a D.H. and an outfielder while, sophomore Dan Hageman performed well as a starting pitcher. The team finished 12-13, closing the season strong as they lost to Decorah 10-8 in the District finals.

Kevin Cervenka, senior, 2 year starter, all conference 1st and 2nd team his junior and senior year, team captain his senior year.

The football team of 1983 will be remembered by the tremendous amount of courage and determination they displayed throughout the season. Although they suffered more than their share of injuries, they continually fought adversity and came back strong each and every week. They played with a sense of team pride that can be attributed to the success they experienced. They will long be remembered as the team that NEVER SAID DIE!

Two seniors, Dave Mulder and Ken Balk dominated the Trojan statistics in the 83-84 season. Dave averaged 10.1 points scoring 193 for the year. Ken was close behind with 186 pts. and a 9.7 average. The rebounding department was also led by Dave with 135 and Ken followed with 84.

The Trojans were a small team averaging just under 6 ft. for the starting five. But, they used their strong points to a good advantage and played exciting games. The season ended 6-13, highlighted by an electrifying last second win over Tripoli at home.

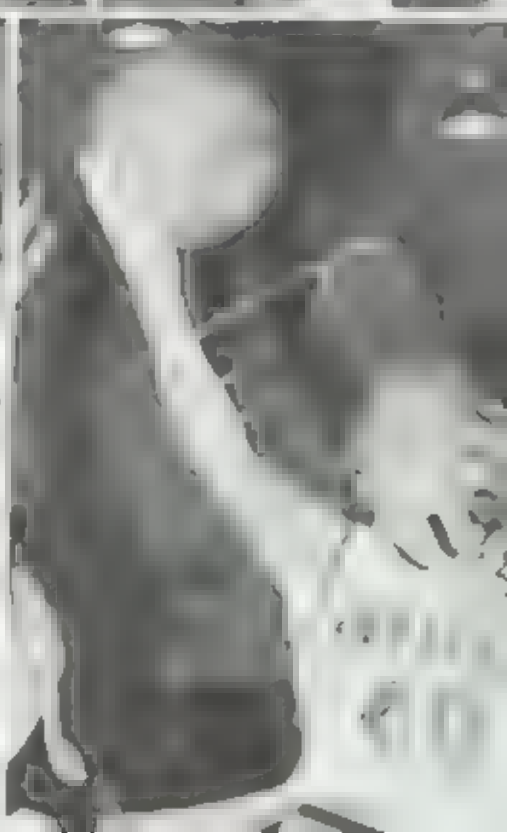

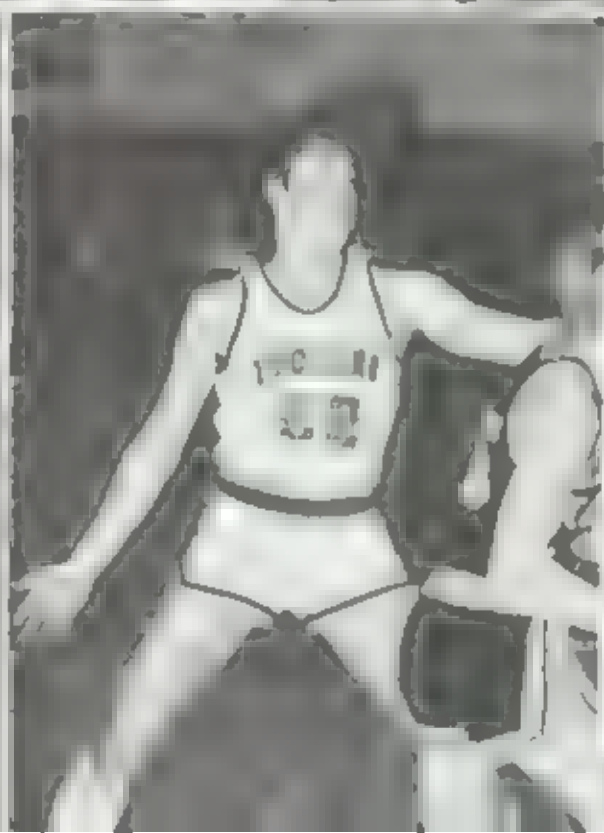

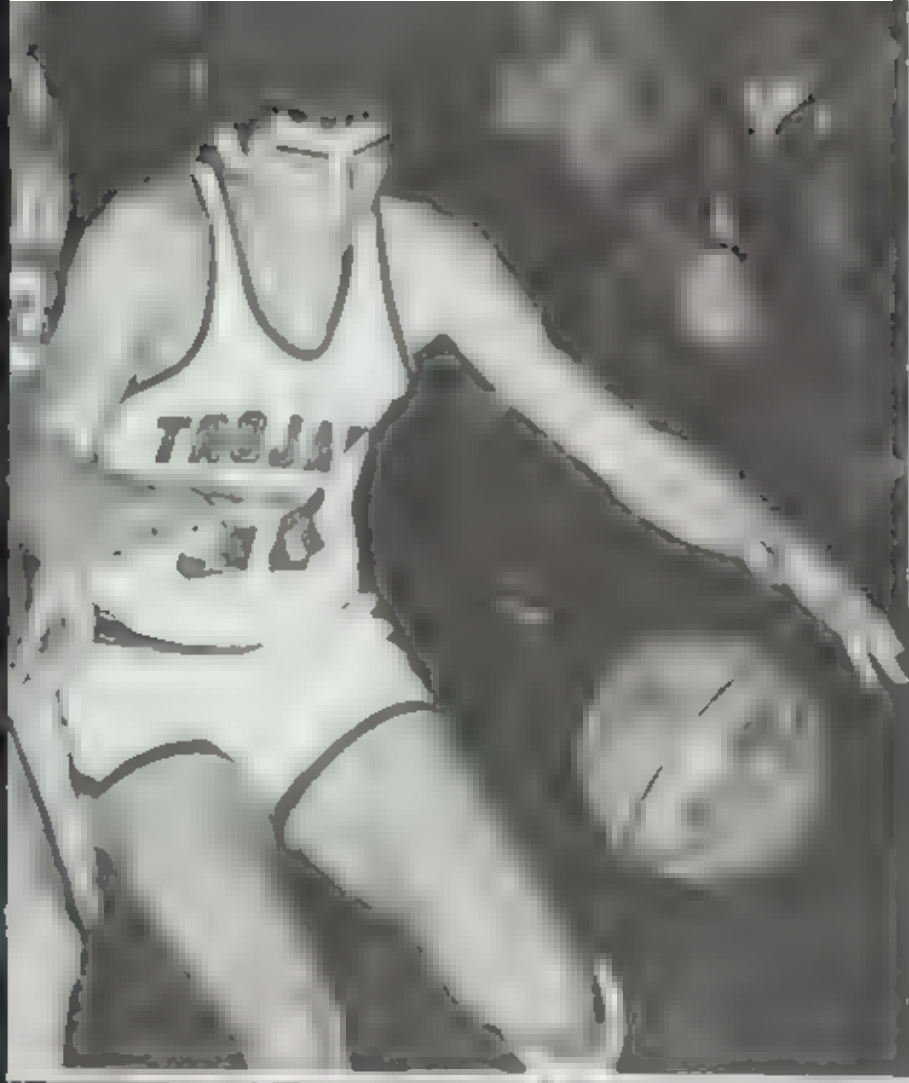

Using a strong press all season the boys were able to create an average of 22 turnovers per game while committing 16 per game.

The season shooting percentage was telltale and a critical factor in most of the games; 38% for the Trojans compared to 48% for the opponents. Seniors Dave Busta and Tom Drilling provided a strong ball handling guard combination and Brian Baumler was a strong and consistent defensive player.

Juniors Kurt Croell and Scott Mihm and sophomore Sam Kuhn started many games and played well off the bench. An exceptionally strong sophomore team (23-3 over the last two years) should provide a strong team for next year along with this years junior class and some hard work during the summer months. Congratulations to a hard working team. You were an exciting and fun team to watch!

It is due to these hours, days, weeks, months and years of working, sweating, drilling, and preparing that, I as a coach, have the greatest respect and admiration for the lad who has wrestled and devoted himself for so long.

President Theodore Roosevelt expressed the feeling long ago when he wrote "The Battle of

Life." "It is not the critic that counts, nor the man who points out how the strong man stumbled, oh where the doer of a deed could have done better. The credit belongs to the man who is actually in the arena; whose face is marred by pain and sweat and blood; who strives valiantly; who does actually strive to do the deeds; who

knows the great sacrifice, yet spends himself in a worthy cause. He aspires to reach the highest goals, yet knows the worst of his achievement would be to fail while daring greatly. So his place shall never be with those cold and timid souls who have tasted neither victory nor defeat."

Ellen and Anita working hard on the senior edition

Now what could these two be reading?

Where will you find ten hard-working students between the hours of 3:30 and 5:30 two nights every week? Try Mrs. Hageman's room and between the light boards and the word processors you should find at least some of these students along with their adviser, Mrs. Hageman. JJ52150 is what they call their publication and "the staff" is the name they've dubbed as their own.

With the leadership of two fine seniors, Anita Myers and Ellen Sabelka, and one very skilled adviser, the school newspaper went public this year. The monthly edition of JJ52150 is now received in the mail in every household in the Turkey Valley Community School district.

We discovered in our interview with the newspaper's editors some terribly interesting facts. First, getting good food is one of the highlights for editor Ellen Sabelka. Anita Myers, being somewhat more of an intellect, saw writing funny articles as her most memorable moment. Both said that a trip to Des Moines for the presidential debate was really the highlight of their term as editors. Only fifty schools in the state were represented so we felt our editors must really be on the ball. We were right—they sent in their names before anyone else.

When asked to comment on their adviser they said, "what about her?" In a serious note, however, they did admit that she is one fine boss. She herself puts in lots of time and effort to make the JJ52150 a real asset to the Turkey Valley Community.

Mrs. Hageman getting together needed information for the newspaper

You girls better get your work done or Mrs. Hageman will get mad!

FOREIGN EXCHANGE STUDENT

Alexandra Ilg

During the 1983-84 school year Turkey Valley students had the honor of sharing their educational experience with a young German student; Alexandra (Alex) Ilg. Alex was a 15 year old freshman who enjoyed a three week stay in the home of the Donald Mashek family.

Among her many experiences Alex enjoyed eating pizza with the German Club, attending fall play practices and attending

classes with a variety of students. Although Alex attended several classes at Turkey Valley she most enjoyed our art courses. Alex's artistic abilities may be remembered by some of TV's students because it was very impressive.

Alex enjoyed her stay at Turkey Valley because she felt the students were very kind and friendly towards her.

She will be missed by many!!

Who broke the front zipper on her pants just before her first appearance at the very first tournament of the year? Who would have been the next person into finals at that same first tournament? Who is willing to pack thirteen students, two coaches and a weekend's worth of luggage into the TV van for an over-nighter in November? Who has the best liberated southern Greek accent in the school? Who overslept the day of the MoHawk Interp. Festival and then made it to finals? Who filled the entire school to capacity for our own tournament, and then had trouble sending them away because buses were frozen up? Who frolicked at district individual events in springtime temperatures, and then sent qualifiers on to state in a heavy, March snowstorm? Who called Mrs.

Hangartner at 6:10a.m. to encourage her to get up for the 20 minute work out? Who attended the first Cedar Wapsie speech tournament?

The answers to all of the above questions are various members of the Turkey Valley Speech and Debate teams; Jean Schmitt, Anita Myers, both the speech and debate teams, Ann Kriener, Jackie Blazek, both the speech and debate teams, the speech team, Mark Kruse, and Ann Kriener, Anita Myers, and Jean Schmitt respectively. Having attended eight tournaments beginning October 29 and ending March 17, the students who participate spend much time traveling together and collect a lot of memories. These are just a few of those memories that made a special year for a very special group of students.

RETIREMENTS

The picture at the left shows long time board member Joe Barloon receiving congratulations and a plaque of appreciation from present board president, Roger Franzen. Joe served on the board for Turkey Valley for thirteen years and as the board president for the last six.

Joe's work for the Turkey Valley community will long be remembered by the students that benefited from his time and effort.

Another long time friend will be leaving us this year as Sophie Blong chooses an early retirement from the Turkey Valley system. Mrs. Blong has been with our school for sixteen years and taught at the Waucoma Public School for seven years before that.

Mrs. Blong told us that she wants to pursue her hobbies which include handwork, sewing and reading. But most of all, we got the impression that she intends to do a considerable amount of traveling. Her children live in the states of Arizona, California, New Jersey, Texas, Kansas and Illinois and she will be going to see them all.

We certainly wish Mrs. Blong well and hope that her retirement years bring much joy to herself and her family. A wish that is well-earned. Thank you, Mrs. Blong, for those sixteen years of being a teacher and friend to so many.

We students may not always show our appreciation to the staff at Turkey Valley for what must be a thankless and tedious task at times. The yearbook staff can take this opportunity to say thanks to all personnel: teachers, aides, cooks, nurses, secretaries, janitors, administration and bus drivers for a terrific job year after year.

A FRIEND

What is a friend in this world today?
 Someone to talk to night and day?
 Someone to cry on when life is bad?
 Or someone to help you when you've just been bad?
 Someone to drive with after the game?
 Someone you could never call a name?
 Someone to laugh with and also to cry?
 Up to the day that one should die.
 Someone who listens and is always there?
 Someone you know who'll always be fair?
 A person whose kindness holds a big part
 Forever in your very own heart?
 Or when you work, play, or sing,
 You'll know that this person will forever cling,
 To your friendship, forever and more,
 And you'll know they won't lock that door.
 For life and love is to come and stay,
 A friend like you, from day to day.
 What is a friend in this world today?
 Someone to laugh with and also to cry,
 Up till the day that one should die.
